

# US Census Bureau ♦ Census 2010

Source: census.gov

Within the next few weeks you will be receiving the census questionnaire for the 2010 Census. The census is a count of everyone living in the US every 10 years. The census is mandated by the US Constitution. The next census is in 2010. Your participation is required by law. It takes less than 10 minutes to complete. Federal law protects the personal information you share during the census. Census data are used to distribute Congressional seats to states, to make decisions about what community services to provide, and distribute \$300 billion in federal funds to local, state, and tribal governments each year. All residents need to complete and mail back the questionnaire.

We encourage you to assist any census personnel that you may come into contact with. Each temporary census employee will have an official ID card that includes the employee's signature and an expiration date. ID cards for temporary employees do not include a photograph. Each regional level employee's ID cards will have the bearer's photograph and expiration date. In addition, field office managers will have the bearer's photograph and expiration date.

## SAMPLE: *Temporary decennial field/office employees*

## SAMPLE: *Permanent/temporary regional level staff and temporary field office managers*

If you have any questions please call the Regional Census Center in Atlanta at 1-877-591-3755.
