oceanridgeflorida.com ♦ permit@oceanridgeflorida.com

Date of Review: _____

Building Checklist for New Structures and Additions

Please call Lisa Burns, Building Clerk, at 561-732-2635 or email LBurns@oceanridgeflorida.com to schedule an appointment when ready for permit submittal.

Address: _____ Zoning District: _____ Flood Zone: _____

Point of Contact: _____ Company: _____

Point of Contact Phone No.: _____ Email: _____

Permit Description: _____

Applicant must submit the following:

- _____ Two (2) copies of the Concept Review Board report approval as per Ordinance No. 627. This step applies to new development or construction that increases the size of the current structure by more than 50% or where such construction costs more than 50% of the existing structure.
- _____ One (1) copy of the Building Permit Application signed and notarized.
- _____ Two (2) copies of a detailed contract/proposal showing the total estimated cost of project (removing separate/stand-alone permits such as docks, fences, gates, generators, pools, seawalls, walls, etc.) The cost of the project means all structural costs, including all materials, labor, appliances, overhead, profit, repairs made to damaged parts of the building worked on at the same time, outside improvements, etc.
- _____ Payment for Building Permit Fee due upon submittal of permit. (cash or check only).
- _____ One (1) copy of the signed Construction Site Management Handbook.
- _____ Two (2) copies of the PBC Property Appraiser's Property Detail Record.
- _____ Two (2) copies of Proof of Ownership.
- _____ Provide one (1) copy of the Contractor's FLDBPR State Certified License along with Certificate of General Liability Insurance and Worker's Compensation or Exemption.
- _____ Two (2) complete lists of all subcontractors.
- _____ One (1) copy of subcontractor's FLDBPR State Certified License or Palm Beach County Business Tax Receipt, Certificate of General Liability Insurance and Worker's Compensation or Exemption.
- _____ Two (2) copies of the recorded Notice of Commencement.
- _____ Two (2) FDEP's Notice to Proceed, FDEP's stamped site plan, as well as Town of Ocean Ridge's approval letter for construction east of the Coastal Construction Control Line (CCCL) (if applicable).
- _____ Two (2) copies of FDOT's permit (if applicable). Required for driveway connections, any utility work in the FDOT Right-of-Way, any lane closures, etc. FDOT 561-432-4966.

____ Fill Permit/Lot Clearing Application along with (3) copies of current survey and (3) signed and sealed civil engineer plans with detailed information and \$300.00 fee (cash or check only). This permit is required if fill is being added to the property and/or if the lot is being cleared. Requirements are to be separate from structural Building Permit Application and fees. Please see the separate application for more details.

____ Two (2) copies of the Geotechnical Reports (boring tests, soil tests, piling reports, etc.)

____ Three (3) letters by a landscape architect or arborist certifying that there are no historic or specimen trees before the lot can be cleared. If requesting to remove native/specimen tree(s), please see the Landscape Alteration Checklist.

____ Two (2) sets of Product Approvals (NOAs).

____ Two (2) sets of Energy Calculations.

____ Three (3) copies of the PBC Health Department approved permit application along with approved site evaluation and system specifications forms. The proposed Site Plans, Surveys, and Drainage/Landscape plans must have an approval stamp by the PBC Health Department. Make sure that the Health Dept. has approved and stamped all projects proposed.

Construction Drawings, Site Plans, & Surveys

____ Two (2) sets of construction drawings consisting of ELECTRIC, GAS, IRRIGATION, LOW VOLTAGE, MECHANICAL, PILING, PLUMBING, and STRUCTURAL, etc. drawings signed and sealed by a Florida registered architect or engineer.

- A. Include 4" sewer stub-out located within 3' of front of building,
- B. Gas tanks require Boynton Beach Fire approval stamp on plans,
- C. All drawings shall be submitted in the standard 24" x 36" dimensions, and
- D. All drawings shall have the correct owner(s) name(s) and correct address on all drawings, and
- E. Please include all plans and surveys on a flash/thumb drive.

____ Three (3) signed and sealed Surveys less than six (6) months old showing:

- A. Current owner(s)
- B. Elevation of crown of abutting road(s)
- C. Elevation of existing grade at all corners, center of lot, and neighboring property elevation at adjacent property line
- D. All easements and Right-of-Ways
- E. Any existing structures, septic tank, and drainfield (if existing)
- F. Existing Finished Floor Elevation (if applicable)
- G. All existing trees and species of same (Australian Pine, Melaleuca, Brazilian Pepper, etc.)
- H. NAVD
- I. Please include all plans and surveys on a flash/thumb drive

____ Three (3) signed and sealed **proposed** Surveys showing:

- A. Current owner(s)
- B. Elevation of crown of abutting road(s)
- C. Elevation of existing grade at all corners, center of lot, and neighboring property elevation at adjacent property line
- D. All easements and Right-of-Ways
- E. Any existing structures, septic tank, and drainfield (if existing)
- F. Existing Finished Floor Elevation (if applicable)
- G. All existing trees and species of same (Australian Pine, Melaleuca, Brazilian Pepper, etc.)
- H. NAVD
- I. Please include all plans and surveys on a flash/thumb drive

_____ Provide (3) three signed and sealed proposed Site Plan. The proposed Site Plan shall show:

- A. Approval Stamp demonstrating that PBC Impact Fees have been paid
- B. Approval Stamp demonstrating an approval from the PBC Health Dept.
- C. Location of any existing structures on site
- D. Location of all proposed buildings, structures, and accessories (example of accessories are docks, fences, gates, generators, pools, propane tanks, seawalls, walls, etc.-which will be separate permits and separate permit fees.)
- E. Location of outside A/C unit(s) (cannot be visible from front or water)
- F. Driveway, walkways, decks and/or patio locations
- G. Fencing, gate locations
- H. Location of septic tank and drainfield
- I. Front, rear, and side yard setbacks
- J. Flood Hazard Areas, floodways, and design flood elevations
- K. Base Flood Elevation (determined from the Flood Insurance Study)
- L. Finished Floor Elevation (NAVD) – See Code. 67-32
- M. Lot Size – depth, width, and total square feet
- N. Percentage of lot coverage by all buildings (existing and proposed in percentages)
- O. Percentage of total floor area (existing and proposed in percentages)
- P. Elevation of crown of abutting road(s)
- Q. Elevation of existing grade at all corners & center of lot and neighboring property elevation at adjacent property line
- R. Please include all plans and surveys on a flash/thumb drive

See Figures 1 and 2 for a helpful guide for I, K, L, M, N, O

_____ Two (2) copies of the proposed Construction Site Management Plan demonstrated on a separate Site Plan (or like) that shall show:

- A. On-site parking
- B. Portable toilets
- C. Construction trailers/storage containers (separate permit required)
- D. Dumpsters
- E. Construction fencing with opaque screening (separate permit required)
- F. Maintenance of Traffic (MOT) plan (if applicable)

Drainage, Grading, & Landscaping Plans

_____ Three (3) sets of signed and sealed “Grading & Drainage” plans and calculations prepared by a licensed Civil Engineer and shall be stamped by the PBC Health Dept. Plans shall address Town Code Sections 64-45, 66-1, 67-33, and 67-157 and shall be coordinated with the landscape plan and driveway swale detail (if applicable).

- A. Approval Stamp from PBC Health Dept.
- B. Location of driveway and swales
- C. Location of catch basins (show all within 300’ of the property) and storm drain lines (if applicable)
- D. Hydraulic Conductivity (K-value) and source (if using exfiltration trench)
- E. Figure 3 needs to be filled out and added to the plans
- F. Please include all plans and surveys on a flash/thumb drive

_____ Three (3) signed and sealed Landscape Plans that shall be reviewed in relation to the drainage plan.

_____ Three (3) sets of the executed Driveway Swale Detail Acknowledgement Form

Please review the Town’s Code of Ordinances, Florida Building Code (2017), and any other agency codes for their requirements.

Please Note: After Building Permit packet has been accepted by the Building Clerk and/or Zoning Official, the Building, Zoning, and Engineering Departments will then review and this process could take approximately 4 weeks. Any comments received from these departments will be forwarded to the Point of Contact on this form.

Other Building Requirements and Helpful Information

The following is not to be considered as ALL of the requirements and information necessary. This is only in response to the most frequently asked questions and the most frequent violations. Please refer to the Town of Ocean Ridge Code of Ordinances and Florida Building Code for additional requirements and regulations.

• **Roofs**

- Maximum height and Architectural features (balconies, etc.)- see Code Sections 64-1, 64-2, 64-3, 64-4 and Code Section 67-32 for detail. A drawing that will detail the maximum height of the structure when applying the bulk lot coverage formula that is established by Code MUST accompany the sealed drawings.
- Flat roofs shall not exceed more than 15% of entire building (may be increased to 20%, if at least 5% is used as a deck, porch or usable outdoor space.)
- Roof overhang shall not exceed more than 3' into the setback.

Unenclosed and uncovered decks, patios, steps, stoops, and terraces shall be setback at least 5 feet from any property line or Right-of-Way line, whichever is closer. See Ordinance 638 for more details.

Gas tanks require an approval stamp from Boynton Beach Fire Department prior to submittal.

Federal/State agency (ex. Army Corp., SFWMD, FDEP, FDOT, etc.) permits/approvals may be required for various properties (ex. east of CCCL, mangroves, etc.) and types of permits (ex. docks, seawalls, etc.).

Elevation Certificate: An accurate and completed Elevation Certificate (finished construction) is required before a Certificate of Occupancy/Certificate of Completion will be issued on any new construction, any additions, and substantial improvements permits.

Work Hours are from Monday through Friday between 8AM and 6PM and on Saturdays between 8AM and 1PM. No work shall commence on Sunday and the following federal holidays: New Year's Day, Memorial Day, Independence Day, Labor Day, Thanksgiving Day and Christmas Day.

Certificate of Occupancy/Certificate of Completion Checklists are helpful when nearing completion of the project. You may obtain this guideline on the town's website under forms.

CERTIFICATE OF OCCUPANCY: PER FLORIDA BUILDING CODE SECTION 111.1 USE AND OCCUPANCY: NO BUILDING OR STRUCTURE SHALL BE USED OR OCCUPIED, AND NO CHANGE IN THE EXISTING OCCUPANCY CLASSIFICATION OF A BUILDING OR STRUCTURE OR PORTION THEREOF SHALL BE MADE, UNTIL THE BUILDING OFFICIAL HAS ISSUED A CERTIFICATE OF OCCUPANCY THEREFOR AS PROVIDED HEREIN. ISSUANCE OF A CERTIFICATE OF OCCUPANCY SHALL NOT BE CONSTRUED AS AN APPROVAL OF A VIOLATION OF THE PROVISIONS OF THIS CODE OR OF OTHER ORDINANCES OF THE JURISDICTION.

Helpful Definitions

- **Floor area, total:** as used for calculating floor area ratio means that the gross horizontal areas of all floors of all buildings on a lot, measured from the exterior walls or other type of enclosure, or from the centerline of a wall separating two buildings, including garages, carports, and porte-cocheres, but not including: basements, attics (unless used as living space), unenclosed decks or patios, covered porches, exterior balconies (covered or uncovered), or crawl spaces. When calculating total floor area, the first floor area under ceilings, which are 16 feet or higher shall count as double. However, the first 300 square feet thereof shall be counted as one floor to allow for limited vaulted spaces.
- **Floor area ratio:** means the ratio of the total floor area of all structures on a lot to the usable land area.
- **Lot, through (double frontage):** means any lot, not a corner lot, having both the front and rear property lines adjacent to a public street, public street right-of-way, or waterway (25' setback then applies).

FIGURE 3: STORMWATER RETENTION CALCULATIONS

The table below should be filled out and added to the grading/drainage/septic systems plans with Health Dept. stamped approval.

Stormwater Retention Calculations

A. Site Information

Total Property Area: XXXXXX sq. ft.

Impervious Plan Area: XXXXXX sq. ft.
(proposed residence, driveway, pool, deck, walkways)

Pervious Plan Area: XXXXXX sq. ft.

B. Estimated Stormwater Retention Volume

The retention volume is estimated using the Rational Method ($Q=CiA$) where:

C = 1.0 (impervious surface)

C = 0.2 (pervious surface)

i = 1 in/hr

Impervious Surface Runoff Volume:

$1.0 \times 1 \text{ in/hr} \times \text{XXXXXX sq. ft.} \times 1 \text{ ft./12in.} = \text{XXX cu. ft.}$

Pervious Runoff Volume:

$0.2 \times 1 \text{ in/hr} \times \text{XXXXXX sq. ft.} \times 1 \text{ ft./12in.} = \text{XXX cu. ft.}$

Total Volume to be Retained: XXX cu. ft.

C. Proposed Exfiltration Trench Sizing

Exfiltration Trench #1

L	=	Total Length of Trench Provided	= XX ft.
W	=	Trench Width	= XX ft.
K	=	Hydraulic Conductivity	= X.XXXXXXXXXX cfs/sq.ft./ft. of head
H2	=	Depth of Water Table	= X.XX ft.
DU	=	Un-Saturated Trench Depth	= X.XX ft.
DS	=	Saturated Trench Depth	= X.XX ft.
V	=	Volume Treated	= XXX cu. ft.

Total Volume Retained in Exfiltration Trenches = XXX cu. ft.

$$L = \frac{V}{K(H_2W + 2H_2D_u - D_u^2 + 2H_2D_s) + (1.39 \times 10^{-4})WD_u}$$

Lot Clearing/Fill Permit Application

To: Town Engineer
Fee: \$300.00 (cash or check only)

Permit No. _____
Date _____

Please attach three (3) copies of a current survey and three (3) signed and sealed civil engineer drawings with this permit application. **Note: For environmentally sensitive areas proof of approval from appropriate agencies will be required.**

Owner's Name: _____ Phone: _____

Owner's Address _____

Contractor Business Name: _____ Phone _____

Application is hereby made for approval to do lot clearing (circle) or to place fill material (circle) at the following property located at (address) _____ Ocean Ridge, FL.

Site activity Folio/PCN No.: 46-43-45 _____.

Site activity property size (acres): _____.

Fill Volume (cubic yards): _____ Excavation (cubic yards): _____

Type of fill material to be used: _____

Owner's Lot Finished Elevation: _____

Adjoining Lot Elevations: _____ Left Side _____ Right Side _____ Rear Side

Purpose of the activity: _____

Will there be any clearing of vegetation or removal/relocation of any tree? Yes / No (circle one)
If yes, please provide a current survey showing all existing trees and marking those that will be removed or relocated and where they will be relocated. Include a list of specimen. If requesting to remove native/specimen trees, please see the Landscape Alteration Checklist for more information.

Therefore, in consideration of the granting of this permit, the undersigned, the owner and the contractor agree to perform lot clearing and/or place only clean fill material, that it shall be spread to the satisfaction of the Administrative Official, and that all ordinances and regulations of the Town of Ocean Ridge, Florida, and all provision of the laws of the State of Florida shall be complied with whether herein specified or not. The lot shall be left in a clean and manageable condition.

Owner/Authorized Agent agrees to install silt fencing prior to any work being performed.

Owner/Authorized Agent agrees to schedule a final inspection of the lot clearing and/or fill when described work has been completed.

Signature of Owner or Duly Authorized Agent
(If Authorized Agent, attach an Authorized Agent Letter)

Landscape Alteration Checklist

Please review Town Code Article IV – Landscaping and then submit the following along with the permit application:

For Native/Specimen Tree(s) Removal Only (& Other Misc. Trimming/Removal Projects):

- Tree Removal Permit Application;
- Two (2) copies of a plans shall include and exhibit the following (per Town Code Section 66-151 (C) (3) (a-g):
 - Diagram of the property at a scale no less than one inch equals 30 feet, which identifies any tree to be removed, its location, common name and DBH, any existing or proposed development on the site, and details of replacement stock to be planted, including location, size and species.
 - Name, signature, address and telephone number of all fee simple property owners.
 - Legal description of the property and property control number,
 - North arrow, scale and identification of street abutting the property.
 - Reason for the removal or replacement of trees(s).
 - Identification and location of each historic or specimen tree.
 - A plan legend, showing designations and methods used.
- Contractor's Palm Beach County Business Tax Receipt and/or FL Dept. Business & Professional Regulation State License;
- Contractor's general liability insurance and worker's compensation or exemption;
- An Arborist may be required to certify work being performed;
- Construction Site Management Handbook;
- Fill Permit Application & Fee (if applicable).
- \$10.00 fee (cash or check only)

For Major Landscape Remodeling (not associated with additions, new structures):

- Building Permit Application;
- Three (3) copies of a tree survey shall include and exhibit the following (per Town Code Section 66-151):
 - A tree survey shall be to scale no less than one inch equals 30 feet, which identifies trees by location, common name and diameter breast height (DBH), and which also shows the following information:
 - Identification and location of each historic specimen tree;
 - Existing trees to be removed, relocated, or retained; or
 - Replacement stock to be planted;
 - Existing trees to be removed and trees to be retained requiring protection shall be clearly designated on-site; method of designation shall be included on the plans submitted for review, and each tree shall be designated as to species and approximate size;
 - Existing and proposed utility easements; and
 - Existing and proposed improvements on the site.
- Three (3) copies of signed and sealed Landscaping Plan
- Contractor's Palm Beach County Business Tax Receipt and/or FL Dept. Business & Professional Regulation State License;
- Contractor's General Liability Insurance and worker's compensation or exemption;
- An Arborist may be required to certify work being performed;
- Contract/proposal;
- Construction Site Management Handbook;
- Notice of Commencement if estimated cost is \$2,500+;
- Fill Permit Application & Fee (if applicable).
- \$300.00 fee (cash or check only)

For environmentally sensitive areas, proof of approval from appropriate agencies will be required.

Please Note: After application has been accepted by the Building Clerk, the Building, Zoning, and/or Engineering Depts. will then review and this process could take approximately 4 weeks. Any comments received from these departments will be forwarded to the Point of Contact on the building permit application.
