Meeting Information

Regular Town Commission meetings are generally held on the first Monday of every month at 6:00pm. Code Enforcement Hearings meet on demand on the first Tuesday of the month at 10:00am. Board of Adjustment meets on demand on the second Wednesday of the month at 8:30am and the Planning & Zoning Commission meets on demand on the second Monday of the month at 8:30am. Any special meetings added to the calendar, date and time changes, as well as agendas and minutes will be updated on the Town's website at www.oceanridgeflorida.com and on Twitter @OceanRidgeFL as they occur.

Privacy Policy

The following is the Town's privacy policy that is noted in Town email signatures and a variation is on the Town's website.

"Florida has a very broad public records law. Most written communications to or from the Town of Ocean Ridge officials and employees regarding public business are public records available to the public and media upon request. Your e-mail communications may be subject to public disclosure. Under Florida law, e-mail addresses are public records. If you do not want your e-mail address released in response to a public records request, do not send electronic mail to this entity. Instead, contact this office by phone or in writing. The views expressed in this message may not necessarily reflect those of the Town of Ocean Ridge. If you have received this message in error, please notify us immediately by replying to this message, and please delete it from your computer. Thank you."

Town Manager's Report

Below is Town Manager's Report—February's Commission Meeting:

Town Drain Systems Projects

I've had the Town Engineer survey to scale an inline catch basin drainage solution for the NE corner of the Beachway Drive and Osprey Court intersection. There is a drain catchment system in place there, but it fails to redirect all the standing water that accumulates around the street's hardscape. We will ask the Town Engineer to submit a design/build quote to add to this in-ground upgrade. Similarly, the Town's ROW between 101 Dolphin Bend and adjacent 111 Dolphin Bend is in need of vegetative/earth clearing, a redesign solution/swale and removal of resident-planted landscaping for proper drainage flow and function, I will ask the Town Engineer to survey and propose a solution to this area's water issues and quote a design/build installation in the Town's ROW to improve function.

Tropical Pumping Station

Our "hurricane-zapped" equipment at the Tropical Drive Pump Station is in process for receiving upgraded controller and electronic components with the system manufacturer contractor. A claim is being reviewed under eligible insurance coverages for partial cost reimbursement. Interim steps stabilizing the system have worked well. Fortunately, we are also in dry season giving us extra time to finish controller upgrades and test all systems attached before in this year's wet season arrives.

Certified Building Official

On February 8, 2018 we had an in-person interview with our top candidate for the proposed in-house CBO (Certified Building Official) position. My plan is to present an offer and bring the selection to the March 5th (RTCM) Commission meeting to ratify hire. Based upon the process timeline and the applicant(s) in consideration, we needed a bit extra time to run background checks and negotiate a final hire.

Town Contract Updates

Administration is working closely with the Town Attorney and Clerk staff to expand a contracts database to track all Town agreements and Interlocals. As we identify service agreements in need of update for compliance and compatibility with Town Code and purchasing policies, we will bring any recommended modifications forward as necessary to assure town agreements are properly executed for services.

LSV Parking

Two LSV (Low Speed Vehicle) pervious paving block parking spaces, approved by the Commission last year, have now been constructed at the Porter Street public ROW - a donated project. A Town Permit is required to use them. We seek direction to modify the Code and set a resident/non-resident rate to utilize these limited spaces. A directional sign is ordered for the location in the Town's sign motif.

January's Regular Town Commission Meeting Summary

The following is a list of actions taken at the February 12, 2018 Special & Regular Town Commission Meetings:

1. Held an Executive Session "Shade Meeting" to Discuss the Cooksey Lawsuit.
2. Adopted the Regular Town Commission Meeting Minutes of January 8, 2018.

In addition to the above activity, officers assisted other agencies in the arrest of 2 individual with out-
standing arrest warrants, initiated 14 narcotics related arrests, 2 traffic related arrests and conducted
normal traffic, security and code enforcement activities.

Please note: The above listed activity is just a snapshot and not a total accounting of the activity of-
ficers of your police department engage in on a monthly basis. This snapshot is to help raise aware-
ness and prevent crime thorough information sharing and proactive involvement with security, such
as locking vehicle doors, closing garage doors and using alarms.

Crime Prevention Information

By Lieutenant Richard Jones

How Safe is Your Purse, Wallet and Credit Card Data?

Pickpocket related crimes are on the rise across the country and Palm Beach County is no different. These crimes can involve the actual removal of property from a person's pocket, purse or even the theft of digital data. As society continues to modernize, the majority of citizens rely on the use of credit and or debit cards to make their lives easier and more convenient. This provides criminals with opportunity.

Criminals are among us and are always looking for an easy target to take advantage of Ocean Ridge residents and they can easily become the target of these types of crimes. I want you to think for a moment about the last time you were in Wal-Mart, Publix, or at the Mall. How many unattended purses did you observe? How many shoppers were so focused on what they were shopping for that they did not notice what was going on in their surroundings?

Most shoppers and citizens alike have the belief that this kind of crime will not happen to them, but the reality is that everyone of us can easily become a victim unless we choose to make changes in our normal behaviors.

Suspects have been known to follow potential victims for extended periods of time just waiting for that perfect moment when the potential victim turns away from his/her shopping cart. Criminals have and will follow potential victims into restrooms, food courts, restaurants, parking lots and various other locations.

Several recent victims have simply placed their purse on a coat hook to use the bathroom or placed their phone, wallet or other valuable items on the counter to wash their hands. These are all perfect opportunities for criminals.

Several victims have simply been bumped into while shopping and then minutes or hours later find that their belongings were stolen from their purse or pockets. This can happen to you.

Let's talk about digital data theft now. Digital data theft takes place when a person in close proximity to a potential victim is able to scan the data from the victim's debit or credit card using an RFID Scanner. This scan is done without any knowledge to the victim.

So let's talk about what you can do to prevent yourself from becoming a victim. First and foremost, pay attention to your surroundings. Always maintain physical control of your purse, wallet, check book, phone or other valuable items. The safest placement for a purse while being worn is across the chest and not to one side or the other. If your purse has a zipper or button for securing, keep them fastened at all times. Do not ever place or leave your valuables or purse in your shopping cart. Store your wallet in your front pockets rather than your rear pockets as they are much deeper and a lot harder for a criminal to access.

As far as data theft prevention, you can purchase a variety of new "Anti-theft Wallets" or "Anti-RFID Wallets" that are designed to be anti-theft devices. These wallets are typically constructed of aluminum or metal and come in a variety of designs and colors. These types of wallets prohibit the scanning of your credit/debit card data due to their construction and are very effective.

Crime prevention is everyone's business.

Ocean Ridge Police Department News

By Hal C. Hutchins, Chief of Police

Thanks to All Who Were Able to Attend the Presentation on Scams and Fraud

Thanks to all who were able to attend the evening event on fraud trends February 7th. We look forward to more of these type events in the future as we enjoy meeting and being able to answer your questions.

We will be holding another coffee with a cop on the morning of March 14th. Please mark your calendars and plan to stop in for a visit. This is an informal meeting where we try to let you know who we are and answer any questions you may have.

Welcome to Our Newest Employees

Please help us welcome Brittney Good, Aaron Choban and Lequandra Beckford to the Town. Brittney is the newest member of our Dispatch team and will be a new voice and face should you call or stop in for assistance.

Aaron and Lequandra join us as sworn police officers and you will be seeing them on patrol upon completion of their field training and orientation.

Left to Right- Lequandra Beckford, Brittney Good, Aaron Choban

Tax and Refund Scams

Now is the season. Watch your accounts for persons filing false returns using your personal information. If you suspect any suspicious activity or compromise please contact the IRS at www.irs.gov. or call the IRS at the numbers on your tax forms. THE IRS DOES NOT CALL PEOPLE AND DEMAND PAYMENT, nor will they call and ask for personal information such as date of birth or social security numbers (they already have your information). If you receive a call from someone claiming to be an IRS representative hang up and report the call to the IRS.

Ordinances

Please remember, the Town of Ocean Ridge requires that properties be maintained in good order. This includes keeping your home and property clean and void of weeds and grass in excess of 12 inches high as well as other nuisances. (Section 34 of Code of Ordinances)

For more information please check the Towns website (oceanridgeflorida.com) for a full listing and link to all of the Towns Codes and Ordinances.

If you have questions, please do not hesitate contact Town Hall for more information.

Recent Events

As I sit and compose this version of my portion of the Town newsletter; I am preparing to enter a briefing on the horrific events of February 14, 2018 in Parkland Florida, the shooting of 17 people, most innocent children at a school.

As it is difficult to prepare for everything and every situation, I feel it is imperative to repeat some information from prior newsletters, as the information is of extreme importance. Your safety and well-being is our number one priority and our true mission as your police officers!

We urge you to be extra cautious, vigilant of your surroundings, and aware of those around you during at all times to avoid becoming a crime victim.

As for your personal safety, should you find yourself in a location where an incident happens; please have a personal safety plan.

The nationally recommended response to a violent incident is provided below:

Run

- When confronted with violence or an active shooter is in your vicinity, run.
- If there is an escape path, attempt to evacuate.
- Evacuate whether others agree to or not.
- Leave your belongings behind.
- Help others escape if possible.
- Prevent others from entering the area.
- Call 9-1-1 when you are safe.

Hide

- If evacuation is not possible, find a place to hide.
- Lock and/or barricade the door.
- Silence your cell phone.
- Turn out the lights.
- Hide behind large objects.
- Remain very quiet.
- Your hiding place should be out of the aggressor's view, provide protection if shots are fired in your direction and not trap or restrict your options for movement.

Fight

- As a last resort, if your life is in danger, fight back.
- Attempt to incapacitate the aggressor.
- Act with physical aggression.
- Improvise weapons, such as using a chair or fire extinguisher to strike the aggressor.
- Commit to your actions.

Finally, when law enforcement arrives, remain calm and follow directions; keep your hands visible at all times; avoid pointing or yelling; and know that help for the injured is on the way. The first responders on the scene are not there to evacuate or tend the injured. They are well trained and are there to stop the violence.

We hope you are never confronted with such an event, but we wanted to prepare you with some important information should you ever find yourself in this situation.

**PLEASE JOIN US WEDNESDAY MORNING, MARCH 14, 2018 FROM 7:30am
until 10:00am AT TOWN HALL FOR OUR NEXT COFFEE WITH A COP**

As always, should you have questions or concerns, I and every member of your Police Department are available and you are welcome to call or stop in anytime and visit.

And finally,

Please report any suspicious person or activity as soon as possible.

REMEMBER

**The Information You Provide Could Make A Difference.
Do Your Part. Report Suspicious Activity.**

**If you see something,
say something**

**If something does not look right,
let us know.**

**Report Suspicious Activity or Persons
to the Ocean Ridge Police Department at 561-732-8331**

Volunteer Opportunities
