## Sea Turtle Nesting Season: March 1 through October 31

Source: Palm Beach Co. Dept. of Environmental Resources Mgmt

Three sea turtle species (the endangered green and leatherback and the threatened loggerhead) nest in Palm Beach County. Artificial lighting may deter females from nesting and can prevent hatchlings from reaching the water. Beach furniture and other obstacles on the beach may block access to suitable nesting locations. You can help sea turtles by following these tips:

- \* Turn off all non-essential beachfront lighting.
- \* Replace incandescent & fluorescent bulbs with red or amber LED bulbs.
- \* Reduce lighting visible from the beach by lowering shielding, recessing, and/or redirecting fixtures..
- \* Use draperies or blinds to reduce interior lighting.
- \* Be turtle friendly by removing chairs, toys, floats, and boats from the beach at night.
- \* Replace wooden cabanas with lighter alternatives.

## Oceanfront Park Boardwalk Renovations

Source: Article from Media Release; City of Boynton Beach Recreation & Parks Department

Access to the water for all citizens is important to our quality of life as South Florida residents and Boynton Beach is at the forefront of providing open space and water access for all to enjoy. From the 1920's to today, Oceanfront Park has been popular with residents and visitors alike. In fact, in 2001 the beach was named the Best Family Beach in Palm Beach County by The Palm Beach Post.

The City of Boynton Beach Recreation and Parks Department will be renovating the boardwalk again, replacing the recycled plastic decking with Ipe (pronounced ee-pay) Wood. Ipe is an incredibly strong, dense wood, with very high wear durability in daily use, and is resistant to splintering and checking. It's also beautiful. Weather has little to no effect upon the structural integrity of Ipe wood. The sun will eventually transform the wood from its original reddish-brown to a beautiful silver patina.

Construction began on February 22 and is expected to be completed Spring 2011. During boardwalk construction, the park will remain open to the public with the construction completed in phases to allow beach access to patrons. Some parking will be unavailable during construction, but for the most part, parking will be available on a daily basis.

For more information about renovations to the Oceanfront Park boardwalk and about construction dates, please contact Jody Rivers at 561-742-6226.

## Police Department News from Lt. Yannuzzi

### Breaking News

At 9:36 AM on Saturday, 02/27/10 ORPD officers responded to investigate a series of Auto Burglaries in the area of Oceanview Dr. Subsequently, a suspect vehicle was identified and at 12:40 PM the vehicle was stopped. Further investigation and interviews resulted in the arrest of 2 subjects and the recovery of a significant amount of property. The subjects were identified as: Frederick Mark Teplitsky, white/male, 06/16/1964 and Ilya Bentsis, white/male, 03/20/1982; both of Baltimore, MD. The subjects had been visiting a friend on Douglas Dr. They were charged with 3 counts of Auto Burglary, theft and other crimes and lodged in the Palm Beach County Jail. Another Ocean Ridge case has since been linked them and more charges are pending. In addition, property associated with crimes in Delray Beach and Boynton Beach has been recovered. ORPD Inv. Hal Hutchins is working with those Police Departments to file more cases.

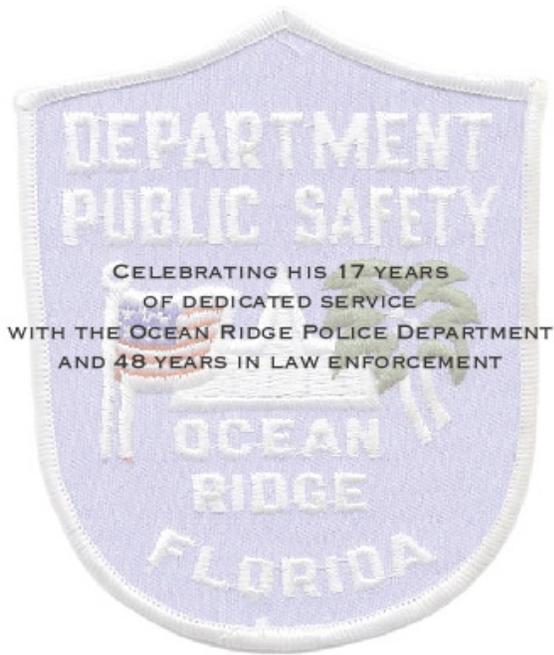

### Chief Edward G. Hillery, Jr. Retiring

After servings as Chief of the Ocean Ridge Police Department for 17 years, Chief Hillery will be retiring on March 31, 2010. In addition to his time here, he served 23 years with the Boynton Beach Police Department, rising in rank from Officer to Chief. Previously, Chief Hillery was an Investigator with the Morris County (NJ) Prosecutor's Office and an Officer with the West Orange (NJ) Police Department. To date, his law enforcement career spans a total of 48 years. He will continue to serve as one of our Reserve Officers.

On Friday, April 16th, 2010, a Retirement Dinner will be held at Benvenuto from 6:00-10:00pm. Those wishing to attend may contact Lt. Chris Yannuzzi at 561-369-1950. (Please see invitation on page 7.)

### Police Officer Applications Accepted

In January and February, the Police Department announced it was accepting applications for up to 2 officer positions that were anticipated due to retirements. As of the application deadline of 5:00pm on Friday, February 12, nineteen application had been received. We now begin the process of determining the qualifications and backgrounds of those considered; which will result in the creation of an eligibility list. However, the actual hiring of any replacements is on hold pending an April meeting with Property Appraiser's Gary Nikolits regarding anticipated tax revenue for the 2010-2011 Budget.

## Code Compliance

At February's meeting, the Town Commission approved on final reading a modification in the construction permit fee whereby those who begin work without a permit receive a higher penalty than in the past. The need for a permit is not designed to hinder property improvements, but to ensure that the Town's Building Official is involved in the process for safety and code compliance purposes. Here are some humorous examples of why building inspectors are needed:

## March is Florida Bicycle Month

We envision a state where people of all ages see bicycling as an enjoyable, practical and safe activity and transportation option, and where drivers of motor vehicles respect and appreciate bicyclists who use its roadways.

We inspire and support people and communities to enjoy greater freedom and well being through bicycling.

Strength lies in numbers and every voice counts towards making Florida a bicycle-friendly community. Better bicycling means a better Florida.

The county is progressively involved in establishing communication outlets that will best serve the community by providing up-to-date information in a quick and cost-effective manner. In today's world, with newspaper readership at an all-time low, Internet social networking sites are quickly becoming the most effective means of communication for any organization, including the government. As a result of this, the Public Affairs Department has implemented several social media applications on its homepage ([www.pbccgov.com](http://www.pbccgov.com)).

Currently, the county has an RSS (Really Simple Syndication) news feeds with breaking news items in the form of a simple list that is automatically downloaded to your computer or handheld device (<http://pbccgov.com/newsroom/rss/feeds/headlines.xml>).

A Twitter (<http://twitter.com/pbccgov>) account has been established and is being used to transmit (tweet) our press releases and Channel 20 video releases to media, government and citizen subscribers.

In addition, a YouTube channel (<http://www.youtube.com/pbccgov20>) has also been established and is being used to post videos with information on county programs and services. Recent programming included the Justice Academy, Census 2010 and hurricane preparedness.

These efforts were researched and created by Public Affairs with assistance from the county's Information Systems Services (ISS) Department. The second phase of implementation will include a Facebook fan page with county news, events and information as well as a partnership with [YourPBC.org](http://YourPBC.org), a blogging site for civically engaged organizations.

The county will continue to assess and improve its communication efforts with the public. A main objective is to maximize Internet, print and broadcast information to inform residents about Palm Beach County government services at the lowest cost to the taxpayer.

Please contact me if I can be of assistance or if you have any comments and/or suggestions.
