La Elección Municipal de 2017 se llevará a cabo el martes 14 de marzo de 2017 de 7:00 AM-7:00PM en la Sala Comunitaria del Ayuntamiento. Dos puestos de comisión (uno actualmente ocupado por Jim Bonfiglio y el otro recientemente vacante) estarán abiertos por un período de tres años. ## Expiring Building Permits

Every month an expired permit report is generated and letters are sent to the homeowners informing them that an open building permit for their property will expire shortly as per Section 67-52 of the Town of Ocean Ridge Code of Ordinances. This is an informative and beneficial letter letting the homeowner know that every permit requires a final inspection and no positive inspection has been scheduled for a period of six months. The expired building permit will be considered "not completed and open due to the lack of a final inspection" for any reporting purposes and may present delays when attempting to sell or refinance your home.

If the permit is ready for a final inspection, please call the contractor listed on the building permit to have them schedule the final inspection with the town. Also, make sure the permit with yellow permit card is posted on the job site. If the permit is not ready for an inspection, you may renew the permit one time within 6 months of expiration, if there are no changes to the original permit, and a \$45.00 renewal fee (cash or check only) must be submitted to the town. If there are changes, a new application with two copies of the back-up material must be submitted to the town and the fee will be based on the new estimated cost of the project.

## Yard Debris Collection

Yard trash shall consist of vegetation only, including, but not limited to grass clippings, bush or tree trimmings, leaves, and weeds, and shall be placed near the street no sooner than 36 hours, or the Sunday prior to the regularly scheduled day of collection.

Yard trash (other than normal weekly vegetation) generated by lawn care companies will not be collected by the Town's trash collector and should be properly removed by the vendor who generated it. Any questions please call Town Hall at 561-732-2635.

## Book Club Meeting

The Book Club will be meeting on Wednesday, February 1 at 5:45pm in the Town Hall Community Room to discuss *God Forsaken Idaho* by Shawn Vestal. Residents are encouraged to join the discussion.

## Town Manager's Report...

Below is Town Manager's Report—January's Commission Meeting—Newsletter Edited Version:

Town Paving Assessment: Moving forward on preparations developing a Town-wide paving replacement RFP, we are deploying the Town Engineer to do a street assessment study to assist for bid documents and prioritization schedule for our paving RFP issuance. Study cost will be absorbed under normal engineering budgeted, additional costs may be necessary for third party services for borings, surveys and specification detail plans necessary to bid road paving phases.

Woolbright Detention Area Maintenance: The overhaul project began on January 9. A resident pre-meeting was held to communicate process and impacts prior to work commencing. Spraying and hand-removal of significant portions of exotic and invasive plant materials in the basin will be followed by replanting with suitable native species for best filtering and bio compatibility of the system.

Police Department: long time Sergeant Bill Hallahan officially retired in December. We wish him a happy, healthy and fun retirement!

PD Internal Affairs: Our Police Department Internal Affairs investigation into matters involved around the October 22<sup>nd</sup> "Shots Fired 911" event has been concluded. The report finds our on-duty officers acted properly in performing their duties under Town and Police Department policies. The Police Chief recommended dismissal of our off-duty police Lieutenant involved in the incident and I upheld that finding. The employee has appealed the decision to the Commission under our Town Code.

Ocean Ridge CRS: This is to acknowledge that we received the 2016 Community Rating System (CRS) Recertification for the Town of Ocean Ridge. I reviewed the CC-213 and enclosed documentation and everything appeared to be in order. This completes the Recertification process for 2016 and your community remains in good standing in the CRS Program for the next year. Thank you for your cooperation in completing annual CRS Recertification form. Thank you to Lisa Burns for her diligent work on this project.

Wishing everyone in the Town a happy, healthy and safe new year!

Respectfully,

Town Manager

## January's Crime Prevention Information From Lieutenant Richard Jones

### Protecting Your Personal Information

As you are all aware, Fraud is the leading crime, both Domestic and Foreign. Fraud is a crime that affects every one of us, whether we become a victim or not. We all become financially responsible through increased interest costs, increases in item prices due to the increased cost of doing business and even an increase in taxes due to additional government expenses associated with Fraud investigations.

First and foremost, you must safeguard your personal information. Do not give out your Social Security number unless it is absolutely required. For instance, medical providers cannot force a patient to provide them with a social security number. Your medical insurance provider has that information on file and it is not required for billing purposes. These providers may require you to provide identification, which is expected. Your Name, Address, Date of Birth and Driver's License or Identification Number is all that is required to identify you.

Do not randomly complete or fill out applications for credit unless you truly intend on making a purchase. For instance, if you do a test drive for a new vehicle, do not complete a credit application until you have decided that you are serious about the purchase.

The fewer times that your personal data is shared will reduce the probability and risk of Identity Theft. If you fear your personal information may be compromised, do not use a private credit monitoring company, but instead contact Experian, Transunion and Equifax directly at;

<http://www.transunion.com>

<http://www.equifax.com>

<http://www.experian.com>

I would also suggest that you check your credit report for accuracy at least annually. This can be done for free at [www.annualcreditreport.com](http://www.annualcreditreport.com).

If you use online bill pay, banking, social media, email or any other form of web based software, follow these steps;

1. Install Anti-Virus and Malware software on your computer and keep it up to date.
2. Keep all operating systems up to date.
3. Set your browser and your email spam/junk filter to Medium or High.
4. If you see something suspicious in email, do not open it. DELETE it.
5. Avoid using unfamiliar computers or hot spots, this includes airports, hotels, café's, etc.
6. Make sure your personal wireless network WI-FI is secured using a password, see [onguardonline.org](http://onguardonline.org) for more information.

(continued on next page)

7. Establish a stronger password which includes; upper case letters, lower case letters, numbers and symbols.
8. Change your password every 60 to 90 days.
9. Never share your usernames, passwords, or personal information via email. Companies will not request this information via email.
10. Never use personal information as part of your password. Things such as your name, child's name, pets name, birthdays, address or social security number should not be used.
11. Simple passwords such as "121212" are not safe.
12. Never use any portion of the phrase "Password" as the actual password.
13. Do not allow your computer or mobile device to save or auto store your password.

Social media is very popular in today's times. Please follow the steps listed below to safeguard your personal information and your social media accounts.

1. Make sure you close any social media accounts that you do not regularly use.
2. Set your private settings to "friends only".
3. Never post that you are going to be away from home or on vacation.
4. When using a mobile device, ensure that the "Tag Location" setting is disabled.
5. Keep your friend list short and easy to manage.
6. Don't forward another individual's post or email.
7. Never share your email or contacts list.

If you do receive an email that you believe is suspicious in nature and you wish to report it to the FTC, you may forward it to [spam@uce.gov](mailto:spam@uce.gov) where it is entered into a database used to find and prosecute cybercriminals.

## Now Is A Great Time To Update Your Records

**A**s many of our residents are seasonal, now is a good time to remind everyone to update your records with us.

Please feel free to call or stop by to update any emergency contact and out of state contact information you have on file with us. We only use the information provided to make contact if something is wrong, something is out of place and in an emergency to keep you apprised of things related to your residence.

Having up to date information is a great help to us, especially if you are away and we need to reach you in an emergency.

## Watch out For Traveling Criminals

**A**s we enter the winter season and see the normal influx of seasonal residents, we will also see the return of those wishing to exploit our residents. Please keep your guard up and be aware of your surroundings.

We urge you not to let strangers posing as workers, or as individuals in need, distract you, allowing their accomplices the ability to enter your home and take your valuables. Now more than ever, it is important to lock your doors, secure your valuables, and set your alarm. Remember if you do not know the person who is at your door, and if you did not request them to come to your home, caution and concern should exist. If you feel unsure please do not open your door; answer through the door and if you are still uncertain contact us and we will send someone to assist you in verification of the persons true purpose.

As we enter the winter season, we often see an influx of travelling door to door sales forces. These individuals are required to be licensed through the Town, and in general, a call to the police department is appropriate to report this type of activity. If the business is one of the licensed few we will inform you, if not or there is any uncertainty we will immediately respond to investigate the activity.

As always, should you have questions or concerns, I and every member of your Police Department are available and you are welcome to call or stop in anytime and visit.
